

# JustFab Member

-A JustFab member looks at the calendar and forgot to skip the month again.  
-On my lunch break and wants to shop, or in bed would like to shop. online mobile is too small and complicated.  
-User is Home and would like to upload images online and having difficulties to do so.

-To Create an app that allows Justfab users to have access to the app anywhere anytime.  
-That also Gives alert to skipping the month.  
-Makes it easier to upload pictures and have a platform communicate with other justfab users.

To create an app for Justfab, having accessibility at all time  
Creating an easier way to navigate through the products  
Clear and better visual to personal picks  
Alert to new style and season picks  
Reminder to skipping the month
